Work in Munitions Plant Makes  
Mustaches and Hair Re-  
semble the Grass.

WATERTOWN, N. Y., Sept. 21.—The  
men in the plant of the New York  
State Ordnance Department in this city, who  
are engaged in work upon the over-  
haul of munitions, are becoming afflicted with green  
mustaches and hair. And, in which the  
color of the shafts is deepened to a  
dark green, is attributed to the  
fact that change has been made in affecting

# LEFT \$18,540 ON FLOOR.

Supreme Court Justice Hughes was  
asked yesterday to appoint a committee  
to look after the affairs of Thomas G.  
Cannock, seventy-nine years old, who  
formerly lived at No. 51 Morton Street,  
Joseph Cannock, an attorney, who made  
the request, said he had some \$18,540  
of the value lying upon the floor  
with that in currency and bank books  
showing deposits of \$18,540 lying upon  
the floor.

Variety a Delightful Thing  
in Women's Attire, but  
Not When Purchased at  
the Expense of Smart-  
ness.

A dainty collar of lace, and cuffs of  
the same, are refreshing details.  
Details are going to be used a great  
deal for trimming purposes, and on  
sleeves or cuffs or with an advance  
for afternoon frocks.

Havana Post Office Funds May Exceed  
\$2,000,000.  
HAVANA, Sept. 21.—Comandante  
Martinez, former Chief Engineer of Havana,  
testifying in the investigation into al-  
leged frauds in the Havana sewerage  
and paving contracts, declared the  
frauds already found amounted to  
\$1,000,000 and probably would exceed  
\$2,000,000. Martinez resigned his position  
recently at the request of the  
American Government, the American  
Minister alleging his unfitness to  
American contractors. Later he was  
appointed to a better position in the  
same department.

# FARM PRODUCT PRICES REMAIN FIRM IN SPITE OF QUIET TRADING

Exporters Show Their Chief  
Interest in Good Butter and  
Values Go Up.

All along the line on the produce  
market yesterday trading was quiet.  
Exporters showed a slightly in-  
creased interest in butter and grow-  
ing firmness was noticed in high  
grade creamery, with an advance of  
1/4 a cent. There was a little improve-  
ment in secondary grades.

The egg market opened with a gen-  
erally quiet trading, although the  
supply of strictly fine to fancy qual-  
ities was small and the call for them  
seemed to be sufficient to take the  
offerings promptly at firm prices. The  
average and lower grades moved  
slowly, and many lots showed deteri-  
oration in quality as compared with  
recent receipts. Nearby whites met  
some demand, but offerings were  
moderate. Defective lots were irreg-  
ular.
